

Club Handbook 2026–27

Northside Youth FC

1. Registration and Eligibility

Players must register before the first scheduled training session of the season. Registration requires a completed player form, proof of date of birth, and payment of the season subscription or an approved payment plan.

A player is not eligible to appear in a competitive fixture until registration is complete and recorded in the club system. Age groups are determined by the player's age on 31 August of the current season year. A player may play up an age group with written approval from both coaches and the age group coordinator; playing down is not permitted under any circumstances.

2. Subscriptions

The season subscription covers coaching, pitch hire, league entry, referee fees and one training kit. Families registering more than one player receive a reduction on each additional player's subscription. Hardship arrangements are handled confidentially by the club treasurer; no player is excluded from participation for reasons of cost.

Age group	Season fee	Instalment	Kit included
U7 – U9	£120	£30 x 4	Yes
U10 – U12	£150	£37.50 x 4	Yes
U13 – U15	£180	£45 x 4	Yes
U16 – U18	£195	£48.75 x 4	Training top only

Fees shown are for the 2026–27 season and are reviewed each April.

3. Kit and Equipment

Every registered player receives one training kit at the start of the season. Match kit is issued to the squad by the coach and returned at the end of the season, laundered.

Shin pads are mandatory for all training sessions and fixtures without exception; a player without shin pads will not be permitted onto the pitch. Boots must be appropriate to the surface. Jewellery of any kind, including earrings and fitness trackers, must be removed before play.

4. Code of Conduct

Players, coaches, and spectators are expected to treat match officials with respect at all times. Dissent toward an official is a disciplinary matter for the club regardless of any action taken by the league. Coaches are responsible for the conduct of their spectators.

A first incident results in a written warning; a second results in a touchline ban for a period determined by the committee. The club operates a no-tolerance position on discriminatory language, with immediate suspension pending investigation. This paragraph deliberately continues across the page boundary so that a single logical section is split by a running header and footer, which is the condition that makes naive PDF text extraction produce sentences interrupted by page furniture rather than clean prose.

5. Away Travel

For away fixtures, players under 13 must be accompanied by a parent, guardian, or a nominated responsible adult recorded with the club in advance. Coaches may not transport a player alone in a vehicle. Where the club arranges shared transport, a register is taken at departure and on return. Squads travelling more than 90 minutes require a second adult accompanying the coach.

6. Adverse Weather

A decision on cancellation is made by the age group coordinator no later than two hours before the scheduled kickoff and communicated through the club messaging channel. Play is suspended immediately on the sighting of lightning and may not resume for at least 30 minutes after the last strike. Pitches are inspected for frost before any session in December, January and February.

7. Injury and Return to Play

Any player who sustains a head impact is removed from play immediately and may not return the same day. Return to play after a head injury requires written clearance. All injuries occurring at a club session are recorded in the incident log within 24 hours by the session coach. At least one first-aid-qualified adult must be present at every training session and fixture.
